

## KOLBUS. ›Finish your Print‹ App for iPad and Android tablet

**The KOLBUS app (free) gives you a rapid overview of contemporary post-press finishing processes for printed and digitally printed products.**

›Finish your Print‹ is a collection of five videos which will give you a concise overview of the industrially produced print media which can be processed on KOLBUS machines. Touch an icon to select a product and the KOLBUS app will show you one of the many finishing options plus video clips with some key process details.

If you have a question on ›Finish your Print‹ the contact button will take you directly to KOLBUS.

Note: Requires Internet link to film portal.
